Can you think of any other nouns?

All animals are nouns

In Spanish nouns are either

girl words (feminine)

or boy words (masculine)

There is NO reason why a noun is a girl word

or a boy word - it just is!!

Example:

una jirafa (A giraffe) - is a girl word

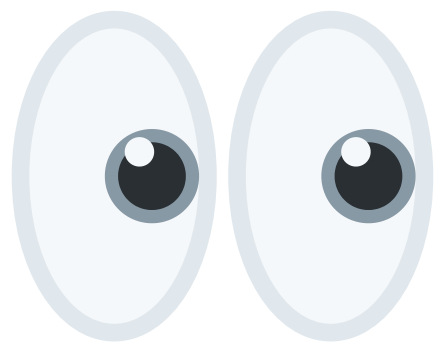

Un cocodrilo - is a boy word

The important thing to remember is

that if it ends in an:

a - its a girl word (feminine)

o - its a boy word (masculine)
